

Useful features of the FH JOANNEUM online catalogue

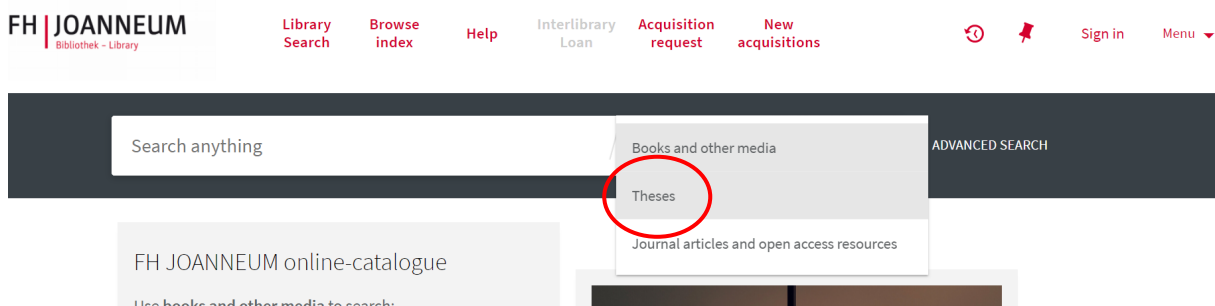

Simplified login

Members of the FH JOANNEUM use their FHJ-login data to log into their library account (use the "Sign in"-link on the top right, via Shibboleth).

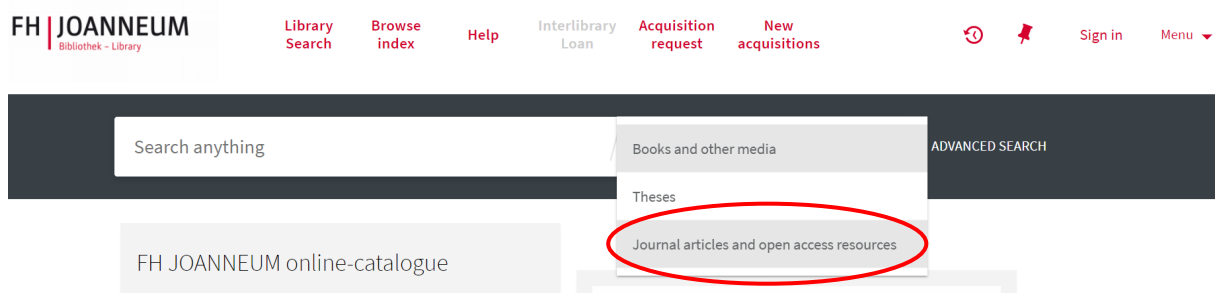

New search range „Theses“

By selecting „Theses“ you are able to exclusively search for theses submitted by graduates of the FH JOANNEUM.

Extended search range „Journal articles and open access resources“

This search range does not replace our databases but it offers a good first step towards numerous peer-reviewed journal articles and open access resources of high quality.

Requesting media directly via the online catalogue

- You can place a hold request on borrowed items or order an item from another campus library directly under the location information.
- After having signed in and searched for an item you click on request and select the location where you want to pick up the item.
- In either way you will be notified via e-mail, when the item is available to be collected.

The screenshot shows the library's online catalogue interface. On the left, there is a sidebar with navigation options: LOCATIONS, DETAILS, LINKS, and VIRTUAL BROWSE. The main content area displays the title 'FH Joanneum - Graz West Fachliteratur AN 93000 F912' and a 'LOCATE' button. Below the title, it says 'Hide Details' and '(1 copy, 1 available, 0 requests)'. A table below shows the record details:

TYPE	POLICY	DESCRIPTION	STATUS
Book	365 Days Loan	Callnumber: AN 93000 F912	Item in place

- Interlibrary loans (=books from external libraries) may be requested after logging in, too.

The screenshot shows the navigation menu of the FH Joanneum library website. The menu items are: Library Search, Browse index, Help, Interlibrary Loan, Acquisition request, and New acquisitions. The 'Interlibrary Loan' option is circled in red.

New acquisitions

Our latest books and e-books are collected at „New acquisitions“.
