

Course description, summer term 2023

Description:

International degree seeking students, exchange students and guest lecturers are going to present their home countries within the scope of so called "Cultural Evenings". Since each student will lay a different focus, we are already looking forward to an exciting course of lectures which will point out the cultural diversity at FH JOANNEUM. After watching the presentations, participants can discuss the findings.

Objectives:

The Cultural Evenings aim to develop the following skills in students: cultural self-awareness, an appreciation of cultural difference, a facility to interpret actions in many ways in order to facilitate cultural understanding, intercultural communication skills and sensitivity for intercultural issues. Moreover, local students gain the possibility to participate in "internationalization at home" and the cultural diversity and heterogeneity at FH JOANNEUM is emphasized.

Scope ECTS: 2

Who can participate in the course?

All students of FH JOANNEUM can participate in this course.

Registration:

Registration is required if you want to obtain credits. Registration is possible within the first appointment on site. All students and external students as well as employees are also welcomed to join the cultural evenings as guests - no registration required.

- ✓ **Proactive participation** during the country presentations and discussions that follow afterwards.
- ✓ Submission of at least **5 out of 6 reflection papers** (=assignments) until the next session via MS TEAMS. The assignment questions will be uploaded after each evening as a task!

If you chose to attend the Cultural Diversity class this semester, you just hand in **4 out of 6 reflection papers**.
