

Students for Tolerance 2023

We cordially invite you to the opening of the exhibition **Students for Tolerance** on May 10th, 2023 at 6 pm at Minoritenzentrum, Graz

The poster exhibition **Students for Tolerance** delves into the concept of tolerance and its visual representation.

May 11th – June 2nd, 2023

Design students from Split, Graz and Salzburg dealt with the question of how strong visual concepts and messages on the topic of tolerance can be developed with the help of various design techniques.

The results were translated by the students into individual posters, which are presented as part of the exhibition "Students for Tolerance". The resulting works are characterized by diverse design approaches and range from the classic poster to the animated poster.

"Students for Tolerance" is an exhibition of the Institute of Design & Communication of FH JOANNEUM University of Applied Sciences Graz in cooperation with the Ostfalia University of Applied Sciences, Salzburg, Germany and the University of Split, Croatia.
