

Intercultural Skills Certificate for Staff (ISC4Staff)

At FH JOANNEUM, not only students but also staff members are offered the opportunity to acquire intercultural skills. With the Intercultural Skills Certificate for Staff (ISC4Staff) you receive a certificate that proves your intercultural and foreign language skills and makes you fit for the intercultural challenges of an internationally oriented university.

Who can acquire the ISC4Staff?

The offer is aimed at colleagues at FH JOANNEUM who are not employed in teaching

The following two variants of ISC4Staff are offered:

„ISC for Staff“: this is the standard variant to aim for, in which all **4 competence modules** are to be successfully completed.

„ISC for Staff light“: Here, **modules 2-4 have to be completed**. Thus, colleagues can acquire the ISC4Staff, for whom a staff mobility (Modul 1) is not possible at the present time due to family, health or other serious.

The Competence Modules in Detail:

1. Competence Modul: Erasmus Staff Training

An **Erasmus Staff Training** at a partner university of FH JOANNEUM or a university or company in an Erasmus country offers you excellent opportunities to deepen your intercultural skills as well as your foreign language and professional knowledge.

In order to share the knowledge you have gained with those around you, you will be invited to give a lecture in your department/work unit or across departments or work units after your return.

More information on how you can participate in an Erasmus Staff Training can be found here: <https://www.fh-joanneum.at/en/international/lecturers-and-staff/>

Erasmus Staff Trainings which have been completed within the last three years will also be credited for ISC4Staff.

2. Competence Modul: Intercultural Workshop

For the crediting of this module the participation in an **intercultural workshop of the International Relations Office** in the extent of at least 12 teaching units is necessary (e.g. three half days with 4 teaching units each - either online or in presence).

Participation of the workshop is counted as working hours.

The workshop includes topics such as intercultural awareness, learning strategies to deal with critical interaction situations with people from other cultural backgrounds, change of perspective, cultural dimensions, stereotypes and prejudices....

As proven by studies, intercultural workshops significantly support the intercultural added value of an international mobility and thus have a preparatory character for Erasmus staff mobilities.

Tip: Intercultural needs-oriented workshops for individual professional groups at FH JOANNEUM can be offered and also credited towards the certificate.

3. Competence Modul: Foreign Language Competences

At a university with a growing proportion of international students and staff, foreign language skills are an indispensable additional qualification.

In order to be able to apply for the ISC4Staff, it is necessary to complete **two consecutive foreign language courses at CAMPUS LinguaNEUM**, each comprising 30 teaching units (2SWS).

The costs for the language courses are met by the organisational unit.

More information about the courses and the course registration can be found here:

<https://www.fh-joaanneum.at/en/international/languages/foreign-languages/>

Foreign language workshops organized by CAMPUS LinguaNEUM for individual professional groups (e.g. English for study program secretaries) also count towards the ISC4Staff.

4. Competence Modul: Tandem

"Tandem learning is a partnership-based, intercultural learning in which both partners benefit from the meetings to the same extent".

Analogous to the Tandem program for students, the Tandem4Staff is also intended **to promote cultural, experience and language exchange** among our employees. To this end, employees with an Austrian cultural background meet with colleagues of international origin.

The language of communication for the tandem meetings is determined by the tandem partners themselves and can be German or any other language.

At least eight meetings must be completed together, whereby three of these meetings can be a joint visit to an intercultural event at FH JOANNEUM.

More information on the Tandem4Staff program can also be found in our "Tandem for Staff" fact sheet.

For the ISC4Staff all competency modules have to be completed within 3 years.

Participation in the Intercultural Skills Certificate for Staff has to be clarified with the superior in advance.

If you are interested in the ISC4Staff, please contact the International Relations Department at international@fh-joanneum.at.
